

ANARCHISTS MUST GO FROM AMERICAN STATES

Conference Called To Devise System of Operation in Anti-Anarchist Crusade Initiated By United States Department of Justice.

Washington, April 7.—The government's department of justice and its subordinate local officers cannot be expected at this stage of the game to disclose their hand or take the public into their confidence, but it is understood among those cognizant of the situation that James Goldman and all other anarchists will be driven out and kept out of the United States, and its territories and islands elsewhere and wherever the legal conditions with benefit of such wholesale action.

It is considered that the limit of resorting with anarchists has been reached and that the time for action has arrived when the United States and other governments acting in concert will follow these dangerous people, wherever they find their respective national boundaries, and apply the most drastic remedies wherever they are found useful. The federal departments of justice, interior and labor and the treasury are combining in a crusade against such undesirable aliens.

Working along that line an important conference of the assistant United States attorneys, who represent the bureau of immigration and naturalization in different parts of the country, has been called to meet in this city on April 10. The conference has a direct bearing on the anti-anarchist crusade undertaken some time ago by the department of commerce and labor.

AMERICAN INTERVENTION.

Desired in Haiti—Only Means of Averting Anarchy.

Port-au-Prince, April 8.—There is reason to believe that measures are being taken in this city to force the intervention of the United States. At the present moment the situation is very serious, but the hostility against the Haitian government is more moderate. It is understood that those opposed to the government, including the better class of Haytians, contemplate forcing matters to a crisis quickly. It is said they will take advantage of the presence of the United States warships to make an armed demonstration precipitating the landing of marine and subsequently American intervention. President Haïtian officials said yesterday that conditions were so favorable and that the prompt intervention by the United States would be a great power is the only means of averting anarchy. The Haytian people can not maintain a stable government and would gladly accept provisional American control if only as a guarantee of life and property.

Plans of U.S. Fleet. Washington, April 8.—The plans have been made public at the navy department that the fleet shall start on a cruise from San Francisco to Australia on July 1.

STRATHCONA NEWS

REPORTED OPTION BY C. N. R.

There was a flutter in real estate circles of Strathcona yesterday at a report which contained currency to the effect that the C. N. R. had secured an option in the southern part of the city on property which they proposed using for a station site and railway yards. Though it was impossible to gain any direct confirmation of the report there is much to give to it as an air of probability. It is known that the C. N. R. are surveying a line from Fort Saskatchewan to Strathcona and along the south side of the river and this, in addition to the Ottawa division, is a subsidiary of a possible C. N. R. line from Strathcona to Calgary, which the University City will shortly be a centre for the Canadian Northern in its extensions towards the southern part of the province.

LOCALS.

Mr. James Gregg received a telegram last evening from Southamptown, Ont., announcing the death news that his father was at the point of death. Mr. Gregg was not expected to live much longer a week at most. Mr. and Mrs. Gregg leave this afternoon for Ontario where they will spend the summer months.

A session of the District court is to be held in Strathcona on next Tuesday, April 14 in the office of A. M. Fuller. The presiding justice is Judge Taylor. There are a number of small cases to come up for hearing. A. M. Fuller is presiding over the court.

The Strathcona city council will hold an adjourned meeting this evening to consider the American-Canadian club's proposed gas franchise. The agreement to be adopted will limit the use of the gas to the club.

RAILROAD MEN HOLD SESSION AT MOOSE JAW

Officials of C.P.R. Western Division Hold Convention To Discuss Needs of Various Departments—Aim to Get Officials Working Together.

Moose Jaw, April 8.—The convention of the principal officials of the C.P.R. western divisions closed this evening after a two-day session. There were present General-superintendent Price, Division Master Mechanical Woodhead, Division Passenger Agent J. R. Brown, all of the division headquarters, Calgary superintendents Strickland, Calgary, Brown, Lee, Cranbrook, Lawrence, Medicine Hat, Taylor, Moose Jaw. There were also present all road, train, bridge and building masters, master mechanics and chief dispatchers of the division. The two days were busy ones. Twelve subjects were discussed.

They were: How to eliminate overtime, passenger service, curtailment of correspondence, divisional organizations, economical maintenance of track, fuel consumption, Brown's system of discipline, accounting and distributing of charges, joint responsibility of engineers and conductors, divided points to schedule, salient pit organization, repairs at round points.

The papers were freely discussed and the good points embodied in resolutions which Superintendent Price passes on to the management with his own opinion or puts into effect on the road if advisable. The object of this convention is to get all the officials of the road interested in its operation to understand the needs of all departments, besides developing new ideas. The railway men were informally entertained by the city at a smoking concert last night.

Expedition to Polar Regions.

Scottish, April 8.—The government has authorized and will pay the expenses of the important scientific expedition to the Arctic region, which will start at the end of June. The leader of the party will be Prof. G. H. Dyer and his principal assistants will be Dr. Sten A. G. Von Holsten, zoologist, and Prof. Carl W. von Holsten, geologist.

Staff Assistant Mackie. The expedition is now being organized and will start at the end of June.

THE CURLERS HOLD ANNUAL SMOKER

Local Club's Successful Year—Election of Officers—Enjoyable Evening Spent in Song, Story and Light Refreshment

Within an acre of attaining its majority, the Edmonton Curling club emerged from its twentieth year in a sounder financial state than in any year since its inception. Under the able guidance of W. H. Ketchum, the popular secretary, the club has worked its way out of a legacy of debt incurred in past years, and now stands at the close of the present season with a surplus in its treasury.

This cheering information was given out by the general secretary at the annual smoker of the club in the "Mechanics" hall last evening, when the members met for the purpose of electing officers for the year, and enjoying the pleasant remarks, songs and many reminiscences of the "roarin' game." Among those present were some old timers, but none contributed so much to the enjoyment of the meeting as those who were described by one who was present as "the keepers of the morals of people before and after the commission of crime."

Chaplain McQueen and Warden Macaulay. The Warden was in his happy vein. He flatteringly contradicted the statements of those headless names who would dare to contradict that the recent defeat of the Scotch by the Irish in the curling game was the first in the history of the world. He was ready to prove them in error, for he had the time to do so.

"It is more accurate and independent than the Globe ever was," he declared, as he slowly and with tender regard, appeared a parcel, and produced a small volume, which he the clerical eye of the Warden seemed to resemble the Presbyterian hymnal. But the volume which the cleric of the keys produced turned out to be the first volume of the Bulletin, and therein it was the absolute, the undeniable proof that the Scotch had successfully walloped the Scotch on two previous occasions. "We carried out water to flood the Irish in the curling game," he declared. "The reminiscences of the Warden were a source of keen delight to the younger members of the club."

The Rev. Dr. McQueen, who was in his usually humorous mood, in presenting the chairman with the Calgary Bowling trophy, referred to his duties as chaplain and described his tender solicitude for the moral welfare of his curling club in the early days. He spoke of the appearance of mysterious pop bottles on the ice, and to the "low grade" of pop which was sold at the pool room in which their meetings were held. He hoped "what Warden Macaulay was an expert of the sacred writings of Moses as he seemed to be in the bulletin."

The chairman, Mr. A. C. Fraser, replying to the motion elevating him to the position of honorary president of the club, made humorous reference to it as the stepping stone to the lieutenant-governor's position. His remarks were received by the members with much appreciation. Fraser having shown himself capable of efficiently heading a bank, a board of trade and a curling club at one time.

Interpersed with the speeches and presentations, songs were rendered. Mr. Hurst sang "The Maple Leaf," Mr. Richardson "Annie Laurie," and Mr. Fisher "The Skippers of St. Ives." The musical accompaniment was capably rendered by Mr. George Phillips, while the sailors' harmonies of Mr. Dr. McQueen were enthusiastically applauded that he had to respond with a Hungarian dance.

The officers elected for the year are as follows: Patron, the Lieutenant Governor; Hon. pres., Mr. A. C. Fraser; the retiring president, Mr. Chas. May; vice-pres., Mr. J. E. Wise; 2nd vice-pres., Mr. W. H. Ketchum; Secretary-treasurer, Mr. W. H. Ketchum; chaplain, Rev. Dr. McQueen; umpire, Messrs. G. J. Kincaid and D. Galbraith. The executive committee is as follows: J. M. Thom, E. H. Simpson, A. E. Moore, L. C. Charlesworth and H. G. Brunt, with power to add two more to their number. Representative to Alberta branch of Royal Caledonian Curling Club on annual committee, Mr. D. S. MacKenzie; representatives to Alberta branch R. C. Club, Calgary, Messrs. D. S. MacKenzie and H. W. Campbell.

The winners of the various competitions during the season, to whom prizes were presented, were as follows: Edmonton Brewing and Malting Company's cup and four handstone prizes presented by Pres. Fraser—John Rae (skip), G. D. Hunt, W. A. Deyl, Fred Sealie.

Hardisty Cup—Wen by McCaulay skip, R. L. Haskell, Geo. McKay, J. J. Chisham, Sterling silver salt and pepper, presented by President Fraser.

Calgary Brewing and Malting Co.'s Cup and four prizes presented by the club to winners of the final, viz., A. C. Fraser (skip), E. H. Simpson (vice), L. Howard, J. L. Hall, W. A. Deyl. The prizes for this competition were rinks shipped by Messrs. H. G. Brunt, A. C. Fraser, E. W. MacKenzie, A. E. Moore, J. M. Thom. The prizes for two of the section winners were gold tie pins curling end-blades and fountain pens presented by First Vice-President Chas. May, the balance being presented by the club.

Points Competition—Winner, John Duntlop, sterling silver salt and pepper in case. The runner-up was Mr.

BOWELL OBJECTS TO OWEN'S DISMISSAL

Conservative Leader in Senate Says Owen and Gregory Were Old Civil Servants and He Had Heard No Complaint Against Them While in Office.

Ottawa, April 8.—In the Senate today, Mr. Mackenzie Bowell protested against the suspension of Accountant Owen and Gregory, Quebec, agents of the Marine Department. He said they were old civil servants, and he had never heard any complaint against them while he was in office, and Sir Mackenzie also criticized Hon. Mr. Aylesworth for his recent declaration at Newmarket that the civil service commission had gone beyond its authority. He could not agree with this, and did not think it a strong defence.

The Minister of Justice promised that Judge Cassels would go through the department and separate the Tory grafts from the Liberal shrews. Sir Mackenzie thought politics should not enter into such question, but if men were found to have done wrong, they should be dismissed.

Hon. R. W. Scott read from the report given in the House of Commons by the report of the commission, and that his suspension was not due to the report, Fraser and Gregory had been suspended because they had failed to carry out certain instructions. Hon. Mr. Scott said he did not attempt to follow all of Sir Mackenzie Bowell's arguments, but Judge Cassels had reported there could be an opportunity for the matter to be further discussed.

The Quebec Bridge Company. Hon. R. W. Scott, in answer to Senator Aylesworth, who asked about payments to officers, directors and engineers of the Quebec Bridge Company, said the company advisers show that the old company was formed in 1907. Practically nothing was done, and therefore the directors had not paid any fees. The last general meeting of shareholders took place on July 8, 1908, and the first general meeting of the new company, organized in 1907, took place on April 30th, 1907.

Since Mr. Parent entered the company, the directors have been paid as follows: R. Anderson, vice-president, \$5,626; Mr. Bowell, \$3,304; P. B. Dandelin, \$3,603; Hon. N. Garneau, \$2,729; J. B. Laliberte, \$2,035; G. Lemieux, \$3,280; Hon. S. N. Parent for services as president over two years, \$24,220; H. M. Price, \$2,600; Hon. J. Sharples, \$2,000. The services for which payments had been made were attendance and general service as members of the board, the president, and vice-president receiving special fee for their services.

Several bills were introduced, including a bill respecting the amalgamation of the Northern Bank and Crown bank of Canada.

E. H. Simpson, who played off a tie score with Mr. Dunlop of 33 points, single competition—The S. McInnis and handstone silver cup trophy was won by the secretary-treasurer, W. H. Ketchum. The runner-up was Mr. H. W. Campbell.

In view of the favorable statement for the year rendered, and the success attending the efforts of Mr. Ketchum to place the club on a sound financial basis made his proffered resignation out of the question, and on the motion of Mr. John Rae, the skip of the leading prize-winning rink, the club turned a deaf ear to the entreaties of "Ketch" to drop out of office.

SPORTING NEWS

O'DEA'S TEAM AT MINNEAPOLIS.

Duluth, Minn., April 8.—Archie O'Dea will try out some of his youngsters for the Brandon team at Minneapolis next Sunday. He has arranged a game with the Minneapolis American association team and will get some of his recruits together at the four o'clock to go on the diamond and show what they can do. He will probably take Melrose from the team to try out the pitchers. O'Dea has picked several men from the team city late and he wants to see them work before he reports them at Burlington.

Louis Livingston, O'Dea's second baseman, who has been here for some weeks, will leave in a few days for Chicago to spend about a week before going to Burlington to join the squad. O'Dea has practically signed his team and isn't worrying about the prospects.

There is nothing doing in the Duluth camp. All the men have signed and intend to report to Morgan at Aurora on April 25. There the training will proceed in the immediate future, so that the squad will be out to the regular team by the time it arrives in Duluth. Only a few days will be spent here, as the Sox will begin at Winnipeg May 12.

OLYMPIC LACROSSE.

Ottawa, April 8.—It is announced tonight that the Canadian Olympic lacrosse team will not be selected until the end of August, as the team does not sail for England until September. The work of selection will be done by Thomas O'Connell, of Montreal; William Fearn, of Ottawa; Frank Nelson and Dr. Langstaff, of Toronto, and the development of good amateur material will be watched this summer with that end in view.

In order to make the team as representative as possible, a couple of men will be brought from British Columbia, a couple from Winnipeg, and the middle west and others from Western Ontario, Ottawa, Montreal and Quebec.

The famous turf player, Thomas Reid, died of pneumonia in Reno, Nevada, Sunday night. He was a serious worker and had retired to Nevada for his health, but succumbed up to the last.

TRUSCOTT TRAINING.

The Sporting Editor this morning paid a visit to the training quarters of Lew Truscott, the Australian light-weight champion boxer who is preparing for his fight with Lind Barkley in the Open House next Monday night.

The quarters which are in the Thistle Hotel, had quite a number of spectators some of whom are sporting people and the little fighter.

Truscott had just finished skipping the rope 100 times and immediately several three round bouts were indulged in.

This served to show some of the fine points of the Australian's work. He is wonderfully fast, and has a style of fighting that is peculiarly his own. His opponents have a deal of strength to find them and would soon be knocked out if they were not so quick.

After the sparring was over Truscott indulged in some severe calisthenic exercises that showed his fine condition.

RUGBY MEETING.

A meeting of those interested in the game of rugby football will be held next Saturday night in the Y.M.C.A. at 8:30.

Since that the Calgary club has got down to business and are in training. (P) Edmonton are to make the showing against them that they did last year it is necessary to make the showing against them.

The selection of officers will be held and the election of the style will be discussed.

The adherents of both the English and Canadian-American games are strongly urged to be present.

A Great dog named and twelve mile dog race from Nams to Canby and return started Sunday.

Thousands of dollars are wagered on the outcome. A general holiday has been declared. Thousands of people crowded the streets.

It is the intention of the Skikik club to procure a new rink for next winter. The club has been, which is just over, excited much interest, and there is no doubt the club will have a lot of new members to join next year.

ADVERTISEMENTS.

Pain anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—congestion blood pressure. Dr. Shoop's Pink Pain Tablets simply cause congested blood to flow from pain centers. These Tablets known by druggists as Dr. Shoop's Doan's Tablets—simply equal to the blood circulation and then pain always passes in 20 minutes. 28 Tablets 25 cents. Write Dr. Shoop, Hastings, Wisc., for free package. Sold by all druggists.

Fancy Tinsel Belts, very pretty, with a nice assortment of lengths to choose from. Special at 75c.

ARE YOU THINKING OF LATER FOR SEASON OF 1908

A BIG CHANGE in Style, Coloring and Methods of Hanging has taken place.

PEOPLE are disposed these days to change with the times, especially in regard to the decoration of the home.

WE changed our way of buying for this season; we avoided much of the old style Papers, and bought SOMETHING DIFFERENT.

NOT extreme novelties which are difficult to hang, but modern artistic effects to sell at REASONABLE PRICES.

THEN we can show you illustrations of new and different ways of hanging these Papers, so you can see the effect before you buy them.

HERE are three specialties which we want you to come and look at. Perhaps you'll buy them, but come anyway; it's no trouble to show them.

FOR THE PARLOR NO. 714. A very beautiful pattern suited for this special apartment.

FOR THE DINING ROOM No. 652. A handsome combination in various styles of treatment.

FOR THE BEDROOM No. 735. One of the newest, freshest and daintiest Florals we've ever seen in DOMESTIC or IMPORTED PAPERS.

AND lots of others for every purpose, beginning at the lowest prices, with large assortment in every kind.

BORDERS SAME PRICE PER ROLL AS THE HANGINGS THEY MATCH.
